Designed by Karim Rashid and produced by SLIDE, Blos is the new seat that successfully blends the traditional with the modern.

Making best use of polyethylene foam, worked with the rotational mould technique, the Cairo-born designer re-invents the classic concept of the rocking chair: the sinuous design and energising forms marking all his creations blend to produce this youthful, avant-garde furnishing item.

Available in all our standard colours, and in the new lavender, grey and milk white options, with Blos colour meets with truly great design.
