FOSCARINI

The slim stem recalls the trunk of a tree, its shade is a reinterpretation of the classic reading lamp, while the branch, as if ready for a "birdie" to alight, beckons your touch, turning it on or off. These three elements spontaneously coalesce to give life to a friendly lamp, that combines a smooth and familiar structure with a boldly character.

Made with sturdy yet lightweight materials, Birdie has a different personality, depending on the colour: in white, it can be discreet and almost invisible, but in amaranth, orange or grey it becomes more of a prima donna capable

playing the starring role of a room.

Always monochromatic, from lampshade to the base for a decisive character without compromises.

There are two dimensions available for the table lamp, designed to blend in easily with the surroundings.

Whether beside an armchair or a sofa in the living room, on the desk in a study, on a bedside table, or in any other room of the house, Birdie fits naturally in and accompanies everyday life with a pleasantly stylish presence.

Birdie, table

technical info

FOSCARINI

Description

Table lamp with diffused light. Die cast zinc alloy base and steel rod, both liquid coated. Opaline injection-moulded polycarbonate internal diffuser, translucent injection-moulded polycarbonate external diffuser.
